

Kansas City's premier wine event.

The 11th Annual Village West WineFest

September 16, 2017

is a celebration of great wine, beer and the great things happening in Kansas City.

WineFest attracts business leaders, influential citizens, and wine lovers from across the Metro. With 2,000 attendees expected at this year's WineFest, being held at Schlitterbahn Waterpark, it is a great place to maximize your sponsorship dollars.

In addition to gaining valuable exposure, your involvement supports a great cause - - KC Cause assists non-profit organizations in the greater Kansas City area by supporting specific projects with low operational overhead and by providing assistance for smaller organizations to arrange their own fundraising efforts. The vision for KC Cause is to raise money for local charities and to provide awareness about charities in our local community.
